Barry,

Thank you for the follow up information. I appreciate the time you gave me to walk through my assessment of the materials provided. The NCW Economic Development District represents Chelan, Douglas, and Okanogan County. You could ask Chambers in those areas to nominate candidates to the NCWEDD for the Governing Board. You could also go one step further and have the Governing board ratify the nomination by majority approval. I think it is important that those on the board have confidence in the Business voice being appointed. I am not sure if this is the best way to achieve this goal, but it is one idea.

Keep up the great work!

Best,

**Shiloh Schauer**
