

Chelan Douglas Coalition of Health Improvement Meeting

MEETING NOTES

3:00 PM-4:30 PM February 14, 2018

1. Introductions-

Attendance -SEE SIGN IN SHEETS

- Update and verify information on the Master List
- Introductions from the representatives of each organization
- Deb gives rainbow health bowl demonstration, showing that 20% is clinical care and 80% is the social determinants for the health of the whole person.
- The CHI's job is to work on system improvement from the level of the "whole person", and be the local and ground level voice to determine what changes need to be made for whole person care.

2. Why do we CHI? - Group Network Activity-ALL

- why do non-clinical partners matter? What impact do they have on the whole person care?
- Group Activity- Using the 3 questions and statements of 1) What organization do you represent? 2) Identify a main target population your organization serves. 3) What is one success your organization has achieved in serving this population? With a ball of yarn and through each organization using these statements and questions, made a web like design connecting all of the organizations. This activity shows that not only one organization can work alone, to better the community. Every organization is interconnected and with community minded people there will be success for whole person care.

3. Building the Chelan- Douglas CHI- NCACH Staff

- Community Choice was awarded the contract for Chelan-Douglas CHI, Kelsey Gust will be facilitating the Chelan-Douglas CHI meetings in the future.
- Community Health Needs Assessment (CHNA)- is coming up in 2019, the CHI meetings can help provide input for the next CHNA.
- ACTION** Request for more members and "leadership committee" (3 more members) to help with CHI development. This will get more diversity in the leadership roles, so it is not a dominated stakeholder group. More of a broad representation at all levels. **Please send nominations to kelseyg@communitychoice.us by Feb 28th.** Ballots for Charter Member voting will be sent electronically on March 1 to elect Chelan-Douglas CHI Leadership
- Yesterday at Grant CHI- Try to broaden the organizations who come to the meetings. Not only representatives from Wenatchee organizations, but all communities need to have equal opportunity.
- The question is "How do we ensure that voices throughout region are heard?"

4. NCACH Updates -Brooklyn, Sahara

- Chelan- Douglas CHI Representative- **Brooklyn Holton**
 - The structure of the CHI Meetings will not always be activity based and will have different types of structure.

- As the governing board representative, she can transfer information and ideas to the board. This can insure that we are honoring the voices that are not at the meeting.
- Demonstration projects are happening, but the HUB has been put on hold. The HUB workgroup conversation will be starting next week. They are in need of Non-Clinical partners. The HUB work group is waiting for an official contract.
- A next step for other groups is identifying the target populations, so they can move towards activities they want to start implementing.
- -NCACH Summit is Friday, April 20th. Plans are to have a dedicated CHI time and to network.
- The Board has an Open Positions- Looking for a board seat for a consumer that is Wenatchee centric, so they can meet all of the requirements. This Board Member position is open to parents or caregivers of a consumer. Also the Business Seat is still vacant.
- NCACH Staff- **Sahara Suval**
 - The intention of CHI Meetings is to not be as informational and structured as some other ACH meetings. The meetings are a platform for community members, to be reached through different community organizations.
 - Just started releasing monthly meeting round ups and is trying to find a place for the information to be posted on the website.
 - The NCACH website has important information and can be a go to site.
 - Next workgroup meetings are this week and the meeting is open for everyone. The meetings will help see the gaps and push ahead to compare with toolkit and tangible plans.
- Round Table-**ALL**
 - Community Resource Fair March 1st at the Community Center
 - FYSPRT (Family Youth Systems Partners Roundtable) with Beacon
 - Mobility survey about transportation (Mobility Council)

Next meeting: March 14th 3PM

Meeting Adjourned at 4:30PM
