

Chelan-Douglas Coalition of Health Improvement Meeting

MEETING NOTES

3:00 PM-4:30 PM March 14, 2018

1) Introductions-

Attendance -SEE SIGN IN SHEETS

2) Leadership Council Introductions-

- Charity Bergman with United Way
- Ric Escobedo with NCESD
- Kris Davis with Catholic Charities
- Renee Hunter with TOGETHER! For Youth

3) NCACH Updates- **Brooklyn Holton**

- The goal and want for the CHI meetings, is to be useful for the attendees.

- The names listed above are the newest members of the Chelan-Douglas CHI Leadership Council. They received more than one vote. They will be helping shape the vision and talking points of the CHI meetings.

-Governing Board-

-The CHI meetings relay updates to the Governing Board.

-Let [Brooklyn](#) know about the topics of the CHI meetings, that you as an attendee, would want discussed at the meetings.

-There is going to be a NCACH retreat in hopes to understand the funding, demands and impacts for the existing projects.

-Annual Summit-

- Sign up and agenda are available at <https://ncach.org/2018-annual-summit-registration-now-open/>

4) Prezi Presentation- **Kelsey Gust**

-The information given from the activity, "Why do we CHI?" at the February 14th, 2018 meeting, was made into a Prezi Presentation.

-The Prezi shows the connection between organization that may be non-traditional, but through their partnership make a big impact within the community.

-The link to the Prezi Presentation: <https://prezi.com/p/rurklhwzq-ot/>

5) Mapping of Meetings- **All**

- There were some meetings on the matrix, but the CHI meeting attendees chose which meetings need to be on the meeting matrix.

-There was a concern that the CHI meeting would become like the Interagency meeting. But the Interagency meeting talks more about events going on within each organization. The CHI wants to be the voice to the ACH.

-The CHI can serve the community, since it is so diverse with different organizations and projects. The CHI should not be limited and looks forward to the possibilities beyond the 5 year timeline.

6) The Use of CHI- Brooklyn Holton and Sahara Suval

- How can you use the CHI?

The Coalition for Health Improvement can be for feedback, information, inspiration and integration, resources and changing strategies, to learn more about the needs of patients, asset maps to locate gaps and to see where there needs to be improvement, help children who do not have a voice for ACH activities, a place to network and get ideas, collaborate and connect with community partners, funding opportunities, become better advocates, to send messages to the ACH, and increase workgroups and education.

- What are the goals for the CHI?

The goals for the Coalition of Health Improvement are to increase collaborations between non-traditional partnerships, improve resources, create stronger community, create more coordination between transportation and health, collaborate differently, strengthen the connections that we have and utilize the power in the room, to bring people together, address the social determinants of health, become part of a committee, show more transparency of medical care, have the consumers be in the driver seat, network and involve others, bring better insurance and healthcare to everyone, streamline communications and get rid of barriers, and to bring organizations together.

- There needs to be more interaction with the ACH, but also have goals outside of the ACH. There needs to be more collaboration and partnerships. We want to be an inclusive-diverse group. The churches are missing from the CHI, and there needs to be more diversity within the attendees.

7) Chelan/Douglas CHI Calendar- Sahara Suval and Kelsey Gust

-The Chelan-Douglas CHI has its' own calendar on the [NCACH website](#).

-CHI attendees can email local events to [Kelsey Gust](#) to have the events posted on the calendar.

-The guidelines are on the webpage.

- The Annual Summit- **Registration is now open!**

<https://ncach.org/2018-annual-summit-registration-now-open/>

The Speakers:

-Sue Birch

-Teresa Posakony

-Joseph Garcia

-Francisco Ronquillo

More Information: <https://ncach.org/calendar/2018-annual-summit/>

7) Coalition Member Round Table- All

-There is a want to do comprehensive community asset mapping. The focus of the mapping would be to see what we have and what we don't have. Some of the focuses need to be on emergency room usage, opioid crisis and pregnancy healthcare. The work of the asset mapping would be around larger goals.

-It was pointed out that the work groups are focusing on those problems.

-The Coalition of Health Improvement is waiting to hear more information from Win 211 for asset mapping.

-Work groups serve to target populations and may not be hitting everyone in the community.

-Once the workgroups decide on what they are doing and focusing on, then the CHI can focus on the missing groups.

-Family, Youth, and System Partner Round Tables (FYSPRT)- Behavioral health group is in need of more kid and teen participants. Dinner is provided to those who attend.

-The Governing Board needs a consumer (someone on medicaid). It could be a consumer's parent or grandparent representing the consumer.

Next Meeting is on April 11, 2018

- The topic will be ACH 101
