

Goals for Chelan-Douglas CHI:

- -Increase collaboration and networking between non-traditional partnerships
- -Improve resources for consumers
- -Create a stronger community
- -Create more coordination between transportation and health care
- -Strengthen the connections between organizations
- -Address and understand the Social Determinants of Health
- -Become part of a committee
- -Show more transparency in the medical field
- -Have the consumer be the one to drive the CHI
- -Bring better health care and insurance policies to consumers
- -Find ways to get rid of the Barriers of Health
- -Create a work group for Mothers and children

How Can You Use The CHI?

- To give and receive feedback
- To receive information
- For inspiration and integration
- For resources and changing strategies
- To learn more about the needs of patients
- Asset maps to locate gaps and to see where there needs to be improvement
- Help children who do not have a voice and not reached through the ACH work
- A place to network and get ideas
- Collaborate and connect with community partners
- Funding opportunities
- Become better advocates
- To send messages to the ACH
- Increase workgroups and education
