

Purpose of Asset Inventory for NCACH

- Design Grant Deliverable
- To identify organizational and individual community assets that support the health of our residents. Inclusive of all types of programs, services and resources.
- Will be used in the development of the regional health improvement plan.

Example from NSACH

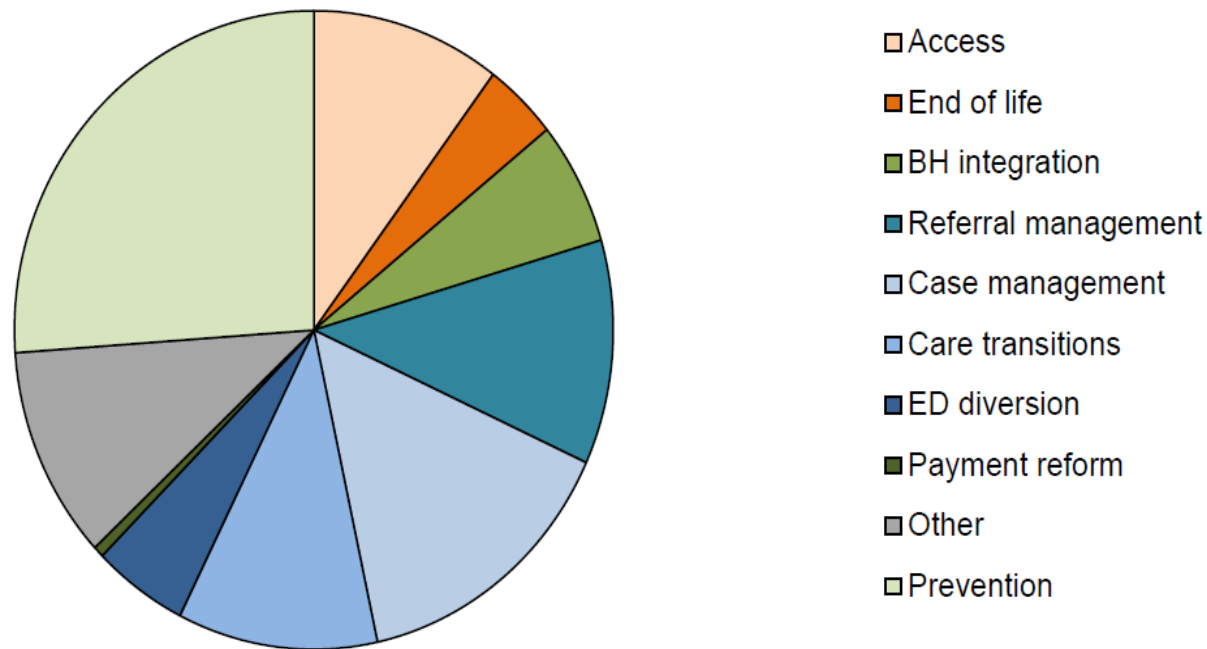

“This inventory is a living document that we will continue to update as we learn of health related initiatives. The current iteration of the North Sound inventory provides a general sense of programmatic priorities within the counties and across our region. It has also highlighted the incredible energy around health improvement at the local level in the North Sound.”

North Sound ACH Inventory of Initiatives 2015

“This inventory is a living document that we will continue to update as we learn of health related initiatives. The current iteration of the North Sound inventory provides a general sense of programmatic priorities within the counties and across our region. It has also highlighted the incredible energy around health improvement at the local level in the North Sound.”

Process to date

- Online form distributed at county level meetings in late 2014, to local coalition partners.
 - 8 agencies/23 services
- Researched online tracking options used by other ACH's across the state

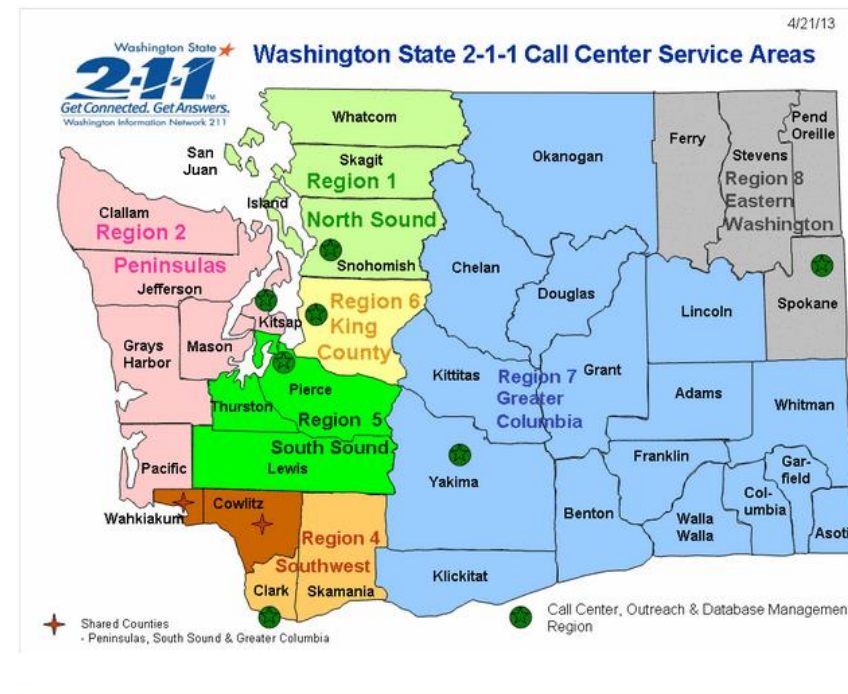

- Multiple agencies produce resource lists and directories in Chelan and Douglas Counties
 - Chelan-Douglas Social Service Directory
 - Veteran's Support Services Inventory (SSVF)
 - others
- WIN211 (provider and consumer focus)
- Community Living Connections (provider and consumer focus)
- Washington Connections (primarily consumer focus)

- Ability to generate reports
- **106 agencies/342 service types listed for Chelan-Douglas counties**

- Statewide web based information/resource list
- Affiliated call center
- Local work with WIN211 is supported by the regional Healthy Communities 1422 Grant

There are seven unique regions within Washington's 211 Statewide Information and Referral System. Each region supports local human service programs for residents in that area. Select a region on the map below to find information about 2-1-1 programs in your area.

People For People • United Way

Location: Yakima

Hours of Operation: M-F, 8am-5pm

Toll-Free: (877) 211-5445

Local: (509) 248-6726

Website:
<http://www.pfp.org/pfp/Win211/Win211Home.aspx>

Counties Served: Yakima, Kittitas, Chelan, Douglas, Okanogan, Grant, Adams, Benton, Lincoln, Franklin, Walla Walla, Asotin, Garfield, and Columbia Counties

Next Steps

ACH Staff:

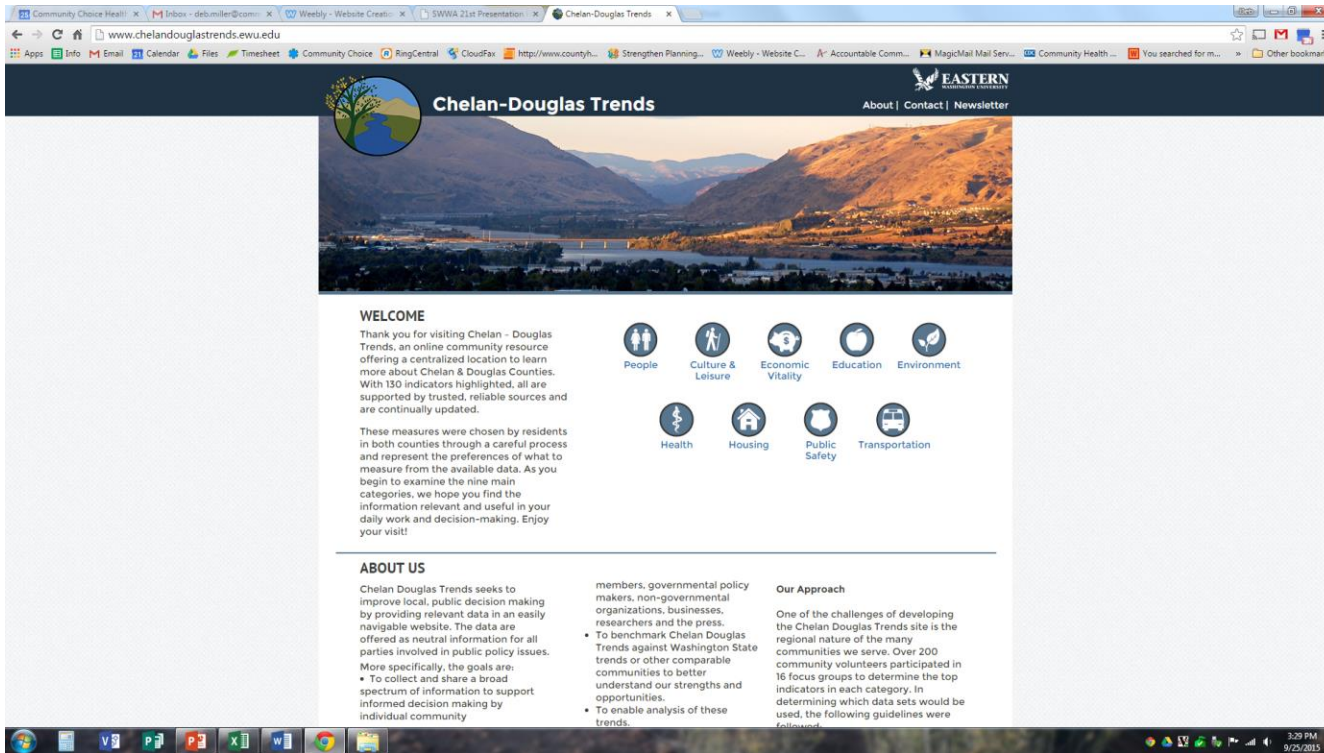

- Asset team is working on a more robust online survey to collect regional asset data

CHI Partners:

- Review current WIN211 *County Specific* Asset Inventory list
- Help us build our asset inventory list by submitting your agency and program information via the online survey
- Help WIN211 improve their ability to serve Chelan-Douglas partners and residents by contacting them and providing information about your agency.

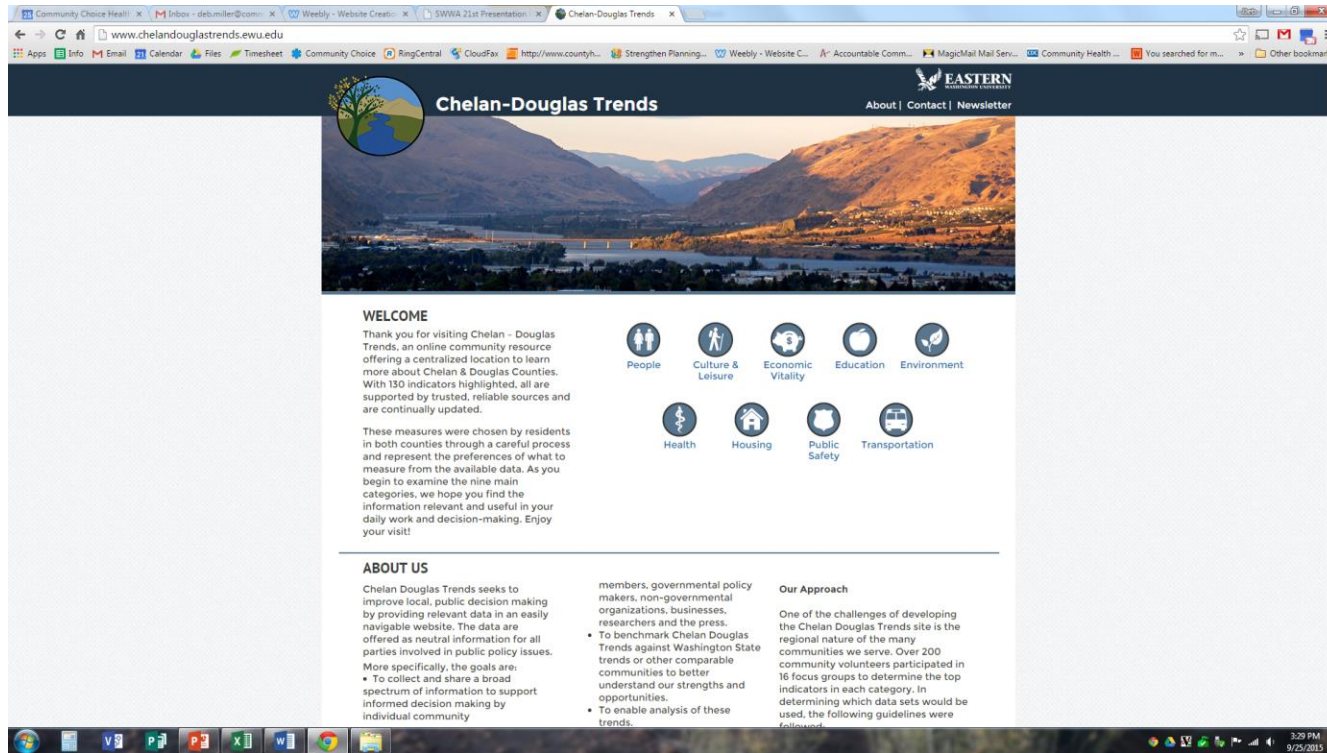

Chelan Douglas Trends

- To **collect and share a broad spectrum of information** to support informed decision making by individual community members, governmental policy makers, non-governmental organizations, businesses, researchers and the press.
- To **benchmark Chelan Douglas Trends** against Washington State trends or other comparable communities to better understand our strengths and opportunities.
- To **enable analysis** of these trends.

Next Steps

ACH Staff:

- Gathering input from health sector stakeholders
- Submit recommendations for change to the Chelan-Douglas Trends Committee no later than December 1, 2015

CHI Partners:

- Review current Chelan-Douglas Trends Health Indicators list
 - Do indicators provide snapshot of “health” in Chelan-Douglas Counties
 - Should some be removed, others added, what else is missing?
- Submit priority list of recommended changes to ACH Staff by November 16, 2015
