What group or profession do you represent in the CHI? _____

Question	Not at All 1	2	3	4	Very Much 5
1. How critical is this project to the establishment of Whole Person Care in the region?					
2. How likely is it that we will be able to improve outcomes in 4 years of implementation?					
3. Would changes be sustainable after Demonstration dollars are gone?					
4. Is this project addressed in part by other projects, making a separate project of this kind less necessary?					
5. Is this relevant and needed in all 4 counties?					
6. How difficult would it be to implement this project on a region-wide basis? (The whole region will be judged and funded on the basis of each project's region-wide success. So a project effective only in a limited area could affect funding negatively for the whole region.)					
7. How feasible is it to successfully address this problem with the relatively limited funds available through the Demo?
